Imagine a life where friends are right down the hall, tasty and healthful meals are served restaurant-style daily and every convenience has been considered. Community provided regular housekeeping, banking services, salons, a library, a sundries store and scheduled transportation to shopping malls, medical facilities and entertainment events allows you to maximize your time to enjoy retirement living.

Assisted Living

Enjoy life on your terms at The Orchard, where our licensed assisted living facility offers support when you need it, independence when you want it and the reassurance and peace of mind that your best health is our top concern. Extra services, such as help with medications, and bathing or dressing should the need arise, are right at hand. Housekeeping and laundry services take the drudgery out of the everyday, and leave you free to gather with your social circle in the game room or lounge, or take advantage of a full calendar of on-site options.
